A "Temporary" registered horse must be measured every 60 days.

If your horse has been measured this calendar year at a show hosted by another club and it is still valid, submit a copy of the measurement card, also keep in mind that our show manager is a different person and may not have copies from a previous show.

Your horses cannot have any articles of clothing on them at measurement time, ASPC/AMHH/ASPR requires that the Show Steward match the horse to its registration papers to assure that the information on the registration is correct, especially the color markings of the horse. If you pre-register and submit a copy of the registration papers, it is still a good idea to bring an extra copy with you.
